

AI Trusted Advisors – Voice AI Case Study

■■ Home Services / Trades

Client Challenge: HVAC, plumbing, and electrical companies missed urgent service calls after hours, losing thousands in revenue.

Voice AI Solution: Voice AI booked calls 24/7, routed emergencies to on-call techs, and answered FAQs instantly.

Results in 30–60 Days: \$40K annualized revenue recovered, ROI in 60 days.

How They Benefited:

- Captured urgent after-hours jobs
- Improved trust with instant response
- Techs got better qualified leads
- Reduced wasted trips

Key Benefits:

- 24/7 booking
- Higher revenue capture
- Improved customer trust
- Lower staff stress

“Voice AI turned missed calls into booked jobs overnight.”
